"Vacation"

Mrs. Bojca

My family has
wanted to see the
mountains as much
a dog that wants a
treat. We went up the
cloudy, cold and chilly
mountains in the room
lifts to find a beautiful
stretch of Ecuadorian land.
From forests to cities, we
saw it all; and when we looked
up, we could see the
heavens peering down
on us. It was a beautiful
sight. We then went back inside
to take pictures; we laughed when we
saw ourselves "falling" out of the
room lift. We then descended the
mountain to go back home.
It was a great vacation.
